

## Personal Support Letter Template: Autism

Dear Friends and Family,

My family is fundraising on behalf of Service Dogs by Warren Retrievers to promote awareness about Autism and educate our community about how a service dog can enhance the life of a person with Autism. This will enable my child { **INSERT CHILD'S NAME** } to receive a Service Dog to help with Autism and provide much needed support to our family.

[WRITE 2-3 Sentences About How Autism Effects Your Every Day Life]

SDWR has developed a proprietary and unique program for training dogs to support families who are coping with the challenges of having a child on the spectrum. In addition to providing an overall calming effect on the child, there are a number of tasks the dogs will be taught including finding the child if lost, serving as a stationary ballast in the case of elopement, providing redirection away from repetitive behaviors, better reading skill sets, etc. When paired with a service dogs, children on the spectrum often have better sleep patterns, less anger and frustration and increased social interaction.

These service dogs are fully protected under Federal Law to be able to accompany their owner anywhere. These dogs not only save lives but also provide independence, freedom and peace of mind.

At this time I am seeking your support to aid in our campaign for SDWR. Would you make a contribution or help us hold a fundraiser? This organization is fully incorporated 501c3 and all contributions are tax deductible. You can check out their website at [www.sdwr.org](http://www.sdwr.org).

Please consider making a contribution to my family's efforts. A service dog could make a world of difference in our daily lives dealing with Autism. Please contact me with any questions you might have or you can go to my fundraising page and make an online contribution: **[INSERT LINK TO DONOR DRIVE]**

Sincerely,  
**YOUR NAME**
