Section 2: Project details

What is the public sector problem of challenge that you would like to overcome?
(200 words max)

What is the public sector problem or challenge that you would like to overcome?
(200 words max)

Describe what a successful outcome might look like?
(100 words max)

Have you identified any existing services or products that might be close to a solution to your problem? If so, what are they?

Have you identified any potential stakeholders you are considering working with? If yes, explain their possible role in your SBIP project.

All SBIP projects require Directorate funding. What resources are allocated to this project?

Section 3: Approval

Proposals must be signed by the Lead Applicant and endorsed by a Deputy Director-General from the applicant's directorate.
